## Child Care Registration Form

Childcare is available for infants, toddlers and preschool-age children. There are no childcare provisions for children of five or above.

It is especially important that we know whether your child will be present during the group child care activities, since we must have an accurate number of children to plan sufficient adult supervision. The adult-to-child ratio is so important that the child care coordinator will be required to turn away children who are not registered in advance. This is essential for the well-being and safety of your children as well as for insurance purposes.

The child care supervisors are not permitted to administer any medications (over-the-counter or prescription).

Child care is provided only during conference sessions. You are responsible for your children during all meals, receptions and free time.

If you wish to have child care, please contact Kate Wettstein as soon as possible to reserve a space ([kwettstein@thediocese.net](mailto:kwettstein@thediocese.net) or (703) 241-0441); complete the form below and include with your registration materials; send all registration materials to:
