Report of Independent Auditor

To the Executive Board
The Protestant Episcopal Church in the Diocese of Virginia
Richmond, Virginia

We have audited the accompanying financial statements of The Protestant Episcopal Church in the Diocese of Virginia, which comprise the statement of financial position as of December 31, 2017, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Protestant Episcopal Church in the Diocese of Virginia as of December 31, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited The Protestant Episcopal Church in the Diocese of Virginia's 2016 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 25, 2017. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2016 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules on pages 20-27 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements as of December 31, 2017 and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

THE PROTESTANT EPISCOPAL CHURCH IN THE DIOCESE OF VIRGINIA

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2017

Note 1—Organization and nature of activities

The Protestant Episcopal Church in the Diocese of Virginia (“Diocese”) is a community of members and clergy in counties throughout central, northern, and northwestern Virginia. Established in 1785, the Diocese serves the world through its congregations, schools, diocesan centers, and diocesan homes.

Note 2—Summary of significant accounting policies

Reporting Entity and Related Organizations - These statements present the financial position, changes in net assets, and cash flows for funds under control of the Annual Council of the Diocese. The statements do not present such information on individual church, parish, or regional organizations or separately organized and controlled entities in the Diocese, such as Trustees of the Funds of the Protestant Episcopal Church in the Diocese of Virginia, Inc. (“Trustees of the Funds”), Memorial Trustees under the will of Annie Rose Walker and Roslyn Managers Corporation (“Memorial Trustees”), Diocesan Missionary Society of Virginia (“DMS”), Church Schools of the Diocese of Virginia (“CSDV”), The Episcopal Church Women, Virginia Diocesan Homes, and Shrine Mont, Inc. (“Shrine Mont”).

Basis of Presentation - The Diocese is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The financial statements report amounts separately by class of assets as follows:

Unrestricted - Amounts are those currently available at the discretion of the Annual Council of the Diocese for use in operations and those resources invested in property or equipment.

Temporarily Restricted - Amounts are those which are stipulated by donors for specific purposes. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently Restricted - Amounts are restricted to investments in perpetuity, the income from which is expendable in accordance with the conditions of each specific donation.

Fund Accounting - In order to ensure observance of limitations and restrictions placed on the use of resources available to the Diocese, its accounts are maintained in accordance with the principles of fund accounting. Resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purpose. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds that have similar characteristics have been combined into fund groups. Accordingly, all financial transactions have been recorded and reported by fund group.

Operating Funds - Operating funds include the unrestricted funds available for operations controlled by the annual Diocesan budget.

Designated Funds - Designated funds include the unrestricted funds which have been designated by the Annual Council of the Diocese for specific purposes and amounts received from donors which are classified as either temporarily restricted or permanently restricted according to donor intent.

Development Funds - Development funds include amounts raised for the Fifth Century Fund Campaign, Mustard Seed campaigns, and Shrine Mont Shout It! Campaign and are temporarily or permanently restricted based on the donor’s intent.

THE PROTESTANT EPISCOPAL CHURCH IN THE DIOCESE OF VIRGINIA

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2017

Note 2—Summary of significant accounting policies (continued)

Other Funds - Other funds include amounts received from donors that are either undesignated or designated as temporarily restricted or permanently restricted to primarily support capital needs, Bishop discretionary funds, and various parish and mission needs of the Diocese. Net assets are released from restrictions by incurring expenses satisfying the purpose restriction specified by the donor. Undesignated amounts also include unrestricted earnings that are available to the Annual Council of the Diocese.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements. Such estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

Cash and Cash Equivalents - For purposes of reporting cash flows, the Diocese considers demand deposits and investments with a purchased maturity of less than three months to be cash and cash equivalents.

Property and Equipment - Property and equipment are stated at cost. Major additions are capitalized. Repairs and renewals are expensed. Depreciation is computed using the straight-line method over a useful life of between five and seven years.

Income Tax Status - The Diocese is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code; accordingly, the accompanying financial statements do not reflect a provision or liability for federal and state income taxes. The Diocese has determined that it does not have any material unrecognized tax benefits or obligations as of December 31, 2017.

Concentration of Credit Risk - Financial instruments which potentially subject the Diocese to concentrations of credit risk consist principally of temporary cash investments and trade receivables. The Diocese places its cash and cash equivalents on deposit with financial institutions in the United States. The Federal Deposit Insurance Corporation provides insurance coverage for up to \$250,000 for substantially all depository accounts. The Diocese, from time to time may have amounts on deposit in excess of the insured limits; however, the Diocese has not experienced any losses in such amounts. As of December 31, 2017 the Diocese had \$2,200,750 in deposits that exceeded these insured limits.

Real Estate - The Diocese holds real estate, recorded at cost, as a part of mission development projects in various regions. The intent is to transfer the properties to the particular parishes when they are authorized to appoint their own Trustees. The real estate acquired through the property litigation has been recorded at the property's fair value at the time of acquisition. It will be carried at the acquisition date fair value until such time as it is either disposed of or the value is deemed to be permanently impaired.

Property titled to Trustees of individual congregations is not recorded by the Diocese. Under the Canon law of the Episcopal Church, this property is held in trust, in the names of the individual churches, for the benefit of the Episcopal Church and the Diocese.

Investments - Investments are recorded at their net asset value ("NAV"), or its equivalent. Investment income is recorded when interest is earned and dividends are declared. Gain or loss on investment sales is recorded on the trade-date based upon specific identification. Unrealized gains and losses on investments are recorded based on the change between cost basis and NAV of investments at year-end compared to the change in the prior year.

Note 2—Summary of significant accounting policies (continued)

Reclassification - Certain prior year balances have been reclassified to conform with the current year presentation.

Recent Accounting Pronouncements - In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2014-09, *Revenue from Contracts with Customers (Topic 606)*, requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in GAAP when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. In August 2015, the FASB issued ASU 2015-14, which defers the effective date of ASU 2014-09 one year making it effective for annual reporting periods beginning after December 15, 2018, for all non-SEC filers, including not-for-profit entities. The Diocese has not yet selected a transition method and is currently evaluating the effect the standard will have on the financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*, which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e., lessees and lessors). The new standard requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease, respectively. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases today. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance for sales-type leases, direct financing leases and operating leases. The standard is effective for annual reporting periods beginning after December 15, 2019, with early adoption permitted. The Diocese is in the process of evaluating the impact of this new guidance.

In August 2016, the FASB issued ASU 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements for Not-for-Profit Entities*, which simplifies certain aspects of reporting required by not-for-profit organizations and increases disclosures with a goal to improve the usefulness of not-for-profit financial statements to various stakeholders, including management, directors, lenders and donors. Key changes include the following:

- Replaces the existing three classes of net assets (unrestricted, temporarily restricted and permanently restricted) with two new classes of net assets (net assets without donor restrictions and net assets with donor restrictions).
- Changes the net asset classification of the underwater amounts of donor-restricted endowment funds to be shown as a component of net assets with donor restrictions and requires additional disclosures for underwater endowment funds.
- Requires all not-for-profit entities to provide expenses by both nature and function.
- Requires expansive disclosures, both qualitative and quantitative, of information about liquidity and the availability of resources.

This ASU is effective for annual reporting periods beginning after December 15, 2017. The ASU requires the provisions to be applied on a retrospective transaction approach and early adoption is permitted. The Diocese is currently evaluating the impact of adopting ASU 2016-14.

The Diocese also has amounts invested with Trustees of the Funds of the Episcopal Diocese of Virginia (“TOTF”) through a unitized investment pool for Diocesan organizations and parishes within the Diocese of Virginia. The funds are held as part of a diversified managed endowment model portfolio. Investment earnings net of fees are allocated to the participants based on units.

| | <u>\$ 3,157,824</u> |

Note 4—Investments carried at Net Asset Value or its equivalent

All amounts held by TOTF are held in two accounts (STAMP and TOTF) with no restrictive redemption provisions and no unfunded commitment requirements. TOTF is managed with the overall investment objective of preserving a steady and consistent spending stream for the support of fund participants. The asset structure reflects TOTF's needs for liquidity, preservation, purchasing power, long-term growth of principal, and risk tolerance of the TOTF. TOTF investments are comprised of three parts: a bond fund, an equity fund, and a short-term fund. Each one has specific objectives and policy guidelines.

The table below sets forth a summary of investments that are valued using Net Asset Value (“NAV”) at December 31, 2017. This category includes the following type of investment:

| | <u>Fair Value</u> | <u>Unfunded Commitments</u> | <u>Lock-in Period</u> | <u>Redemption Frequency</u> | <u>Redemption Notice Period</u> |

The fair value of the interest in the trusts is \$235,625 at December 31, 2017, which has been recorded as an asset and is adjusted each year to reflect the change in value. The Diocese has also been named as a beneficiary in a charitable lead trust. No financial information is currently available to value this interest. Annual receipts on this trust are included in gift income.

Note 9—Related-party transactions

The Diocese provides administrative and accounting services to several related organizations. Trustees of the Funds ("TOTF") and Diocesan Missionary Society ("DMS") reimburse the Diocese for a portion of the salary and benefits of the accounting staff under a "common paymaster" arrangement. Under this arrangement, any person employed by several related organizations is compensated by one organization, which is reimbursed by the other organizations. During 2017, salary costs incurred and subsequently reimbursed were \$303,810 and \$26,461 for Trustees of the Funds and Diocesan Missionary Society, respectively. As of December 31, 2017, the Diocese also had related-party receivables with the TOTF and Memorial Trustees in the amount of \$160,528 and \$5,801, respectively.

Trustees of the Funds, a nonstock, nonprofit corporation, was established in 1892 to receive, hold, and invest gifts and bequests of real and personal property for the Diocese, including the Mayo Memorial House, which is used as the general offices of the Diocese. The Diocese receives free use of the Mayo Memorial House. The value of this non-exchange transaction is not reflected in the financial statements.

The Diocese runs camps and conferences as a part of their summer programs. These activities are held at Shrine Mont, which is a separate Diocesan retreat facility. During 2017, the Diocese paid \$393,106 for room and board to Shrine Mont as a part of these programs.

The Diocesan Missionary Society provides loans to organizations within the Diocese that are in financial need. Three loans to the Diocese are outstanding as of December 31, 2017, with a balance of \$3,054,433.

The Diocese has guaranteed a \$6,000,000 twenty-year tax-exempt bond issuance by Memorial Trustees. The bonds were originally issued in September 2001 and subsequently re-issued in 2012 at \$4,025,000. The outstanding balance on the bonds at December 31, 2017 was \$3,213,626. No liability has been accrued with respect to either guarantee.

The Diocese has outstanding commitments at year-end of approximately \$277,023 with respect to the Annual Council conventions for 2018 through 2019. This convention typically takes place in the last week of January each year.

The Diocese entered into an assignment of contract during 2006 with DMS to purchase 13.6 acres in Hanover County, Virginia. Under the terms of the contract, DMS assumed the Diocese purchase commitment and the Diocese agreed to purchase the property from DMS within five years of the settlement date of June 9, 2006. After another extension in May of 2016, the agreement calls for settlement by September 30, 2018. The Diocese agreed to purchase the property from DMS for the original purchase price plus any expenses DMS incurs related to acquiring, investing, and developing the property. At December 31, 2017, this amounted to \$1,288,404.

Note 16—Fair value measurements

Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Diocese has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

THE PROTESTANT EPISCOPAL CHURCH IN THE DIOCESE OF VIRGINIA
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2017

Note 16—Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during 2017.

Beneficial Interest in Trusts: Valued using the fair value of the underlying assets of the trust as an estimate for the present value of the expected future cash flows.

Pledges Receivable: Pledges receivable are reported at a net realizable value if at the time the promise is made payment is expected to be received in one year or less. Pledges receivable that are expected to be collected in more than one year are reported at fair value initially and in subsequent periods. Fair value is calculated as the present value of the expected future pledges to be received using a discount rate.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Diocese believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Diocese's assets at fair value as of December 31, 2017:

| Assets at Fair Value as of December 31, 2017 | | | | |
|---|----------------|----------------|-------------------|----------------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Beneficial interest in trusts | \$ - | \$ - | \$ 235,625 | \$ 235,625 |
| Pledges receivable | - | - | 367,529 | 367,529 |

Note 17—Endowment funds

The Diocese's endowment consists of twenty-eight individual funds held in the Other Funds group and one individual fund held in the Designated Funds group. These funds are all donor-restricted endowment funds and were established for a variety of purposes. As required by generally accepted accounting principles ("GAAP"), net assets associated with these endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The management of donor-restricted endowment funds is governed by state law under the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as adopted by the Virginia state legislature in 2008. The law gives guidance for investment and spending practices, giving consideration for donor intent and the organization's overall resources and charitable purpose. Based on its interpretation of law and in compliance with donor intent, the Diocese classifies as permanently restricted net assets the original value of gifts donated to the permanent endowment. The portion of the donor-restricted endowment that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure.

The Diocese appropriates amounts for expenditure based upon accumulated earnings in the funds and the needs of the organization. The primary objective is long-term capital appreciation and total return. The Diocese utilizes diversified investment classes that provide the opportunity to achieve the return objectives without exposing the funds to unnecessary risk.

NOTES TO THE FINANCIAL STATEMENTS

Note 17—Endowment funds (continued)

A summary of the activity in endowment funds for the year ended December 31, 2017 is as follows:

| | <u>Unrestricted</u> | <u>Temporarily Restricted</u> | <u>Permanently Restricted</u> | <u>Total</u> |
|---|---------------------|-----------------------------------|-----------------------------------|---------------------|
| Endowment net assets-- beginning of year | \$ (14,922) | \$ 3,712,078 | \$ 2,256,710 | \$ 5,953,866 |
| Investment return: | | | | |
| Investment income | 14,633 | 83,760 | 2,332 | 100,725 |
| Net realized and unrealized gains and losses | <u>(4,993)</u> | <u>628,783</u> | <u>4,511</u> | <u>628,301</u> |
| Endowment net assets-- end of year | <u>\$ (5,282)</u> | <u>\$ 4,424,621</u> | <u>\$ 2,263,553</u> | <u>\$ 6,682,892</u> |

All of the above temporarily restricted net assets are from purpose-restricted endowment. Amounts shown as unrestricted at year-end represent funds where the fair value of assets has fallen below the level required to be held as permanently restricted. These deficiencies resulted from unfavorable market fluctuations that occurred after the investment of new permanently restricted contributions.

Note 18—Comparative totals

The summarized amounts shown for 2016 in the accompanying financial statements are included to provide a basis for comparison with 2017 and are not intended to present all information necessary for a fair presentation of the summarized 2016 statements in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Diocese's financial statements for 2016, from which the summarized information was derived.

Note 19—Subsequent events

In preparing these financial statements, the Diocese has evaluated events and transactions for potential recognition or disclosure through July 26, 2018, the date the financial statements were available to be issued.
