

### **Blessing over the Pledge Cards**

In this time when scarcity is proclaimed from voices all around us, thank you that your people have responded to your invitation to join in the work here and around the world. Help us to see that all we have and all we are comes from you. Give us the Grace to give with Joy. May we see the bountiful blessings, and trust that you will give us our needs for today. And may we see the Abundance showered upon us. May we not be Afraid. We ask your blessings on these gifts we give, our time, talent, and treasure. As they are given in faith, multiply them in ways only you can, increasing your kingdom. Bless these gifts, and bless us, loving God, all for your name's sake.

*Amen*
