## Susan Holman McShane

Susan McShane has thirty five years of executive experience with Fortune 100 corporations, managing the Public Sector Finance business units at Microsoft, Oracle and GE Capital. With responsibility for Government, Education & Health Care portfolios >\$1 billion, her teams facilitated key relationships with marketing, operations, legal counsel and investors to drive revenue recognition, process efficiencies, ensure fiduciary compliance, and optimize client experience.

Ms. McShane founded a technology financing firm which was later acquired by National City Bank. While at GE Capital, she achieved her Six Sigma certification, a disciplined, data-driven process improvement methodology. Ms. McShane developed and instituted Microsoft's program to accelerate revenue and improve the profitability of their domestic public sector services sector.

Susan has served on the Stewardship Committees at Alexandria's Old Presbyterian Meeting House and at Grace Keswick. She is a trained Stephen Ministry leader and instructor in care giving. She was also active in the Junior League of Washington.

Susan and her husband, Michael retired to Charlottesville in 2012. She currently chairs the vendor committee for the Grace Historic Farm Tour. She is active at the University of Virginia's McIntire School of Commerce as a mentor and admissions interviewer. In 2013, at the request of the Director of Undergraduate Admissions and in partnership with the Women's Business Forum at McIntire, McShane established, and continues to lead, their applicant interview preparation program.

Ms. McShane received her B.S. in Commerce from the University of Virginia and her M.B.A. in International Finance from the George Washington University.

Why do you wish to serve?

The Trustees of the Funds have the opportunity to positively impact the future of our congregations through accessible services, education, and growth in charitable giving. Having served on the Stewardship committees of two churches, I understand the challenges faced by individual congregations and believe there is a significant opportunity to help churches with their planned giving strategies through education and a programmatic approach to giving. Now that I am retired, I would like to contribute my communication, operational and organizational skills to help the churches in the Diocese of Virginia achieve their financial goals.
